Hints and tips

If you forget anything that you need to complete the exam or your pen runs out - ask the invigilator.

Arrive at your exam location 10 minutes before it's due to start.

If you're not sure where an exam room is, ask the office.

Put your name, the subject and your class teacher at the top of every piece of paper.

Take a little time at the start for planning and write clearly.

You can ask the invigilator how long you have left.

If you have an additional assessment arrangement like a laptop and you've not been given one, please let the invigilator know before your exam starts.
