

## **The University of Cambridge and the University of Oxford**

### **Interview Seminars for S6**

The University of Cambridge and the University of Oxford are delighted to be visiting Scotland on 31st August and 1st September 2017 to deliver a series of interview seminars for students who may be considering applying to the University of Cambridge or the University of Oxford.

The events are open to students in S6, and to their teachers and advisers. The Interview Seminars will be helpful to students considering Oxford or Cambridge as well as for those applying for subjects which will involve academic interviews (like medicine). They will be delivered by Admissions Tutors and Schools Liaison Officers from the University of Cambridge and the University of Oxford.

Teachers are invited to book places for students who may be interested. We will then forward individual booking forms for students to complete. Teachers are invited to attend with their students, although this is not compulsory. Please note that booking is not a confirmation and we will email confirmations to attendees when applications close in mid-August.

### **When?**

The Interview Seminars each last 2.5 hours and will be delivered in Aberdeen, Edinburgh, and Glasgow on the following times and dates:

---

Aberdeen  
Harlaw Academy, AB10 1RG  
Thursday 31st August

13:45-16:15

---

Glasgow  
Shawlands Academy, G41 3TR  
Friday 1st September

09:30 - 12:00

---

Edinburgh  
Balerno High Community School, EH14 7AQ  
Friday 1st September

14:30 - 17:00

### **What do the sessions cover?**

The Interview Seminars will be helpful to students considering Oxford or Cambridge as well as for those applying for subjects which will involve academic interviews (like medicine).

They will cover a range of topics, including:

Making an application: interviews

What to expect and how to prepare

Interview sessions

Students will be split into subject strands to have more specific interview sessions.
